APPLICATION FOR WINTER FINANCIAL AID

Student Name: ___________________  Banner ID or NetID: ___________________

Matriculated students may complete this form to apply for financial aid for winter sessions at Plattsburgh or another host college. Financial aid funds normally do not arrive until after the spring session begins. If you plan to use a refund to help pay for winter living expenses (e.g. rent, meals, etc), ensure you are in a financial position to cover these expenses until your refund becomes available. There are no emergency advances for winter. You must meet Satisfactory Academic Progress (SAP) standards to qualify for any winter federal aid. We can only evaluate SAP after fall final grades are available. If you fail SAP, we would be required to cancel any winter financial aid and you would be responsible for paying any resulting account balance.
