COVID-19 Case Sunday | Vaccine Reminder

March 14, 2021

Dear Campus Community,

The college recorded one positive student COVID-19 case on Sunday.

Over the past 14 days, 82 total cases have been recorded, with 40 cases active and 42 recovered. Based on public health guidance, 114 students are in quarantine -- 38 on-campus and 76 off-campus.

We respect the privacy of those in isolation and quarantine and will support them. If you are aware, please also respect their privacy.

Pooled testing resumes tomorrow. Specific results are reported to students, faculty and staff directly only if they are part of a positive pool. Reflex testing is then used to determine who may actually be positive. Center staff then notifies all contacted individuals of their reflex testing results when received from SUNY Upstate Medical.

**Reminder: All Employees Eligible for Vaccines This Week**
Beginning Wednesday, March 17, all New York public employees are eligible to receive COVID-19 vaccines.

This expands eligibility to all employees at SUNY Plattsburgh, including student employees. Please follow state directions and requirements when making appointments.

We encourage you to take steps daily to ensure the safety for you and all around you. Wear a mask, practice social distancing, wash your hands, avoid large social gatherings, and stay home when sick. More information is online at [plattsburgh.edu/COVID-19](http://plattsburgh.edu/COVID-19).
