Dear Campus Community,

The college recorded zero positive COVID-19 cases on Tuesday.

Over the past 14 days, 76 total cases have been recorded, with 43 cases active and 33 recovered. Based on public health guidance, 114 students are in quarantine -- 36 on-campus and 78 off-campus.

We respect the privacy of those in isolation and quarantine and will support them. If you are aware, please also respect their privacy.

Pooled testing continues tomorrow. Specific results are reported to students, faculty and staff directly only if they are part of a positive pool. Reflex testing is then used to determine who may actually be positive. Center staff then notifies all contacted individuals of their reflex testing results when received from SUNY Upstate Medical.

**Reminder: All Employees Eligible for Vaccines This Week**
