Dear Campus Community,

The college recorded seven positive COVID-19 cases on Wednesday.

Over the past 14 days, 79 total cases have been recorded, with 43 cases active and 36 recovered. Based on public health guidance, 119 students are in quarantine -- 34 on-campus and 85 off-campus.

We respect the privacy of those in isolation and quarantine and will support them. If you are aware, please also respect their privacy.

Specific results from this week's pooled testing are reported to students, faculty and staff directly only if they are part of a positive pool. Reflex testing is then used to determine who may actually be positive. Center staff then notifies all contacted individuals of their reflex testing results when received from SUNY Upstate Medical.

**Reminder: All Employees Now Eligible for Vaccines**
