COVID-19 Cases | Wednesday Update

Nov. 18, 2020

Dear Campus Community,

The college recorded three new COVID-19 cases on Wednesday, two students and one employee. Over the past 14 days, 86 total cases have been recorded.

Pooled surveillance testing was held today for college employees and students with 664 samples taken. Results will be shared when available.

By direction of the county health department, 110 students (37 on-campus and 73 off-campus) and four employees are in mandatory or precautionary quarantine. Additionally, two students are in precautionary isolation having tested negative with rapid tests but awaiting back-up PCR test results.

Those in isolation and quarantine are being released as they recover and risk times expire. We respect the privacy of those in isolation and quarantine and will support them. If you are aware, please also respect their privacy.

As we transition to Thanksgiving break this Friday then fully remote classes for the remainder of the semester, I ask you to take the Cardinal Pledge each day wherever you are: wear your mask, practice social distancing, wash your hands, avoid large social gatherings, and stay home when sick.

Those who remain on campus over the next few days should limit gatherings and activities to only those that are necessary. Please reach out to relevant organizers, supervisors or faculty with specific questions.

Dr. Alexander Enyedi

President
