The RN to B.S. program at SUNY Plattsburgh enabled me to fulfill my goal of obtaining my B.S. I completed my RN to B.S. degree after more than twenty years in the nursing profession, ten of which had been in a management position. The program provided advancement of my base skill set and enhanced my nursing practice by incorporating transformational leadership and staff development. Simply put, I think differently. I look at nursing more globally rather than with a narrow view, allowing me to build relationships, empower staff and effect change within my organization for better patient outcomes.

Meredith King, BSN, RN
Director of Out Patient Services
Infection Control
The University of Vermont Health Network
Elizabethtown Community Hospital
SUNY Plattsburgh Nursing has created a learning environment that fosters growth, development and adaptability. In this setting, we cultivate exceptional professional nurses skilled in meeting the diverse healthcare needs of the individual, family and community.

QUALITY
We have an outstanding support team that will help you plan a course schedule that is right for your needs. Dedicated program staff and faculty are committed to the success of every student.

SUPPORT
Tuition at SUNY Plattsburgh is among the lowest in New York State for bachelor degree programs. At only $270.00 per credit hour, you will be receiving an extraordinary education at a reasonable cost. We also offer a variety of nursing scholarships, grants and loans so that money will not be a barrier to helping you achieve your goals.

OPPORTUNITY
The SUNY Plattsburgh Nursing Program creates potential for personal, professional and academic growth and advancement. Our superior program of study and applied learning experiences have contributed to a remarkable program reputation and student success in career advancement and graduate school.
